Beth Israel's Serenity Seder is a sober seder for those in recovery and for friends and family supporting those in recovery. We'll follow a haggadah (using Twerski's and others' materials) focused on the journey from the bondage of addiction, to passing through the stages of recovery toward freedom and service of our higher power. Registration required.

**Due to COVID, services may be held virtually or in person. Please note each participating congregation maintains their own safety protocols which may include masking and vaccine requirements, checking backpacks, password for zoom entry, etc. Please check congregation website or call them for details.**

The mission of the Lior project is to increase awareness, dialogue, and support in the Washtenaw County Jewish community about mental health, addiction, and suicide. The Lior Project exists to help reduce associated stigma, promote inclusivity, and enhance community support.
